BUFFALO VALVE 110mm/4" NRV

The 110mm/4" universal fit Buffalo Valve offers a unique and robust solution for protection against sewage and water backflow. This easy to install retro-fit, non-return valve also includes a steel reinforced plate to guard against pests such as rats and snakes.

- Non-return valve stops the back-flow of water and debris
- Universal fit with unique design allowing installation to straight and bent inlets
- Steel reinforced plate prevents vermin, snakes and insects travelling up the pipe
- Rubber seal reduces noxious fumes entering properties
- Suitable for the end of pipes and inspection chambers
- Lockable flap to allow maintenance to be carried out in a dry and debris free environment further down the line and in the inspection chambers
- No tools or fixings required
- Retro fit design to minimize cost of installation

DEPLOYMENT:

Automatic / passive

TYPES OF PIPE IT FITS:

- Clay, plastic, concrete
- Straight and bent inlet pipes to inspection chambers, end of pipe

CAN BE USED TO PROTECT AGAINST:

- Backflow of water
